

# Children's records and Data Protection procedure

If a child attends another setting, we establish a regular two-way flow of appropriate information with parents and other providers. Where appropriate, we will incorporate comments from other providers, as well as parents and/or carers into the child's records.

We keep two kinds of records on children attending our setting:

## Developmental records

- This is kept on our online learning journal called Tapestry.
- These include observations of children in the setting, photographs, video clips and summary developmental reports.
- Parents/carers can access them electronically via a password system.

## Personal records

These may include the following (as applicable):

- Personal details including the child's registration form and any consent forms.
- Contractual matters including a copy of the signed parent contract, the child's days and times of attendance,
   a record of the child's fees, any fee reminders or records of disputes about fees.
- Child's development, health and well-being including a summary only of the child's EYFS profile report, a
  record of discussions about every day matters about the child's development health and well-bring with the
  parent.
- Early Support including any additional focussed intervention provided by our setting (e.g. support for behaviour, language or development that needs an SEN action plan) and records of any meetings held.
- Welfare and child protection concerns including records of all welfare and protection concerns, and our
  resulting action, meetings and telephone conversations about the child, an Education, Health and Care Plan
  and any information regarding a Looked After Child.
- Correspondence and Reports including a copy of the child's 2 Year Old Progress Check (as applicable), all
  letters and emails to and from other agencies and any confidential reports from other agencies.
- These confidential records are stored in a lockable file or cabinet, which is always locked when not in use and which our manager keeps secure in an office or other suitably safe place.

- We read any correspondence in relation to a child, note any actions and file it immediately
- We ensure that access to children's files is restricted to those authorised to see them and make entries in them, this being our manager, SENCO, deputy or designated person for child protection, the child's key person, or other staff as authorised by our manager.
- We may be required to hand children's personal files to Ofsted as part of an inspection or investigation process; or to local authority staff conducting a S11 audit, as long as authorisation is seen. We ensure that children's personal files are not handed over to anyone else to look at.
- Parents have access, in accordance with our Privacy Notice, Confidentiality and Client Access to Records
  Policy, to the files and records of their own children, but do not have access to information about any other
  child.
- Our staff will not discuss personal information given by parents with other members of staff, except where it
  affects planning for the child's needs. Our staff induction programme includes an awareness of the importance
  of confidentiality in the role of the key person.
- We retain children's records for three years after they have left the setting; except records that relate to an accident or child protection matter, which are kept until a child reaches the age of 21 years or 24 years respectively. These are kept in a secure place.

## Archiving children's files

- When a child leaves our setting, we remove all paper documents from the child's personal file and place them in a archive box. We store it in a safe and secure place for three years. After three years it is destroyed.
- If data is kept electronically it is encrypted and stored as above.
- Where there were s.47 child protection investigations, we mark the envelope with a star and archive it for 25 vears.

#### Other records

- We keep a daily record of the names of the children we are caring for, their hours of attendance and the names of their key person.
- Students on Early Years Alliance or other recognised qualifications and training, when they are observing in the setting, are advised of our Confidentiality and Client Access to Records Policy and are required to respect it.

## Legal framework

- General Data Protection Regulations (GDPR) (2018)
- Human Rights Act (1998)

#### Further guidance
